# Build With BRAVA

Whether you're taking your first steps, navigating mountain trails, walking beach side under blue skies, or sharing laughs around a campfire, life's core memories bring us back to one place: home.

Make it a home *Built with BRAVA.*

# Inspiring Beauty

## Every BRAVA Roof Tile Is A Choice Tile.

Extraordinary color, superior mineral pigment throughout, variegation within each tile and super fine detail create an unparalleled natural shake look.

## Compression Molded

Compression molding makes our tiles stronger and more detailed.

## Thicker, More Material

The gauge of BRAVA material is thicker and provides more headlap than comparable synthetic roofing products. The finished roof is more durable and dimensional.

## Sustainable

We turn plastic destined for the landfill into a beautiful and durable roof made of recycled material that itself is fully recyclable.

# Color For Life

**Chemical or dye-based colorants get broken down by the sun over time** and they degrade as you see in old comic books or photographs.

**Pure mineral pigments keep a 3,000 year old wall colorful** and paintings that are hundreds of years old remain bright.

**BRAVA tiles are made with pure mineral pigments found in nature** – colorants that can last for centuries.
